Peril and Precaution. This is a season that tries the frame and the constitution. If there be a weak spot in either, the chilling damps, the malarious fogs, the varietles of temperature that mark the commencement of the winter season are sure to find it out There are few systems that have not a weak spot somewhere, and the wisest thing that any man or woman can do is to fortify it by a course of Hostetter's Stomach Bitters, and thus keep Five Horses and Buggies, with Silver the enemy at bay. In war, when a city is menaced the first thing to be done is to strengthen opted with the human body, when its direct foe, malaria, is abroad. If the stomach is weak, this tonic will lend it vigor; if the bowels are merbidly sensitive, this alterative will regulate them; if the liver is inert, this wholesome stimulant will rouse it; if there is constipation, this aperient will cure it; if there is nervous debility, this nervine will replace it with nervous vigor; if there is impurity in the blood, this detation has been made throughout the en- ited by Col A A McKoy and Col L A Poy- said for any other medicine-or rather, can as
